

## ArchiBasics Press

**Update, 03/06/2025:**

- **Presentation Strategies in Architecture** is now reformatted. A preview is also now posted.
- **Travel Drawing** is now available in standard B&W perfect-bound paperback and in premium B&W hardback. This book would make a great gift item for anyone who loves travel sketching and travel sketches.
- All three of the books in **the Analysis trio** (Site, Space Adjacency, and Building Meaning) are now available in hardback as well as either perfect-bound or coil-bound paperback.
- **The Piazzas of Florence** is going through final stages of reformatting and should be available for purchase within the month. A preview will also be posted.
- Tim White and I are starting work on a remastered edition of the last book to be added to the Edward T. White Library, **Images of Italy**, using new scans of those sketches made directly from Tim's originals.

Please help us get word out that all of these books are now available in their original formats again. If you write and publish a review of any of them, please let us know so we can link it to our reviews page.

Your ideas and comments are always appreciated – email Tim and me at [info@archibasics.com](mailto:info@archibasics.com).

With thanks for your support,

Barry
